

UPM Star

For star-like quality print results, look no further than UPM Star. It's unique, low glare, high-bright, tactile surface delivers celestial print results that will elevate your next print project to new heights. Recommended end-uses include: commercial printing, coffee table books, prestigious publications and high-end catalogs.

FEATURES

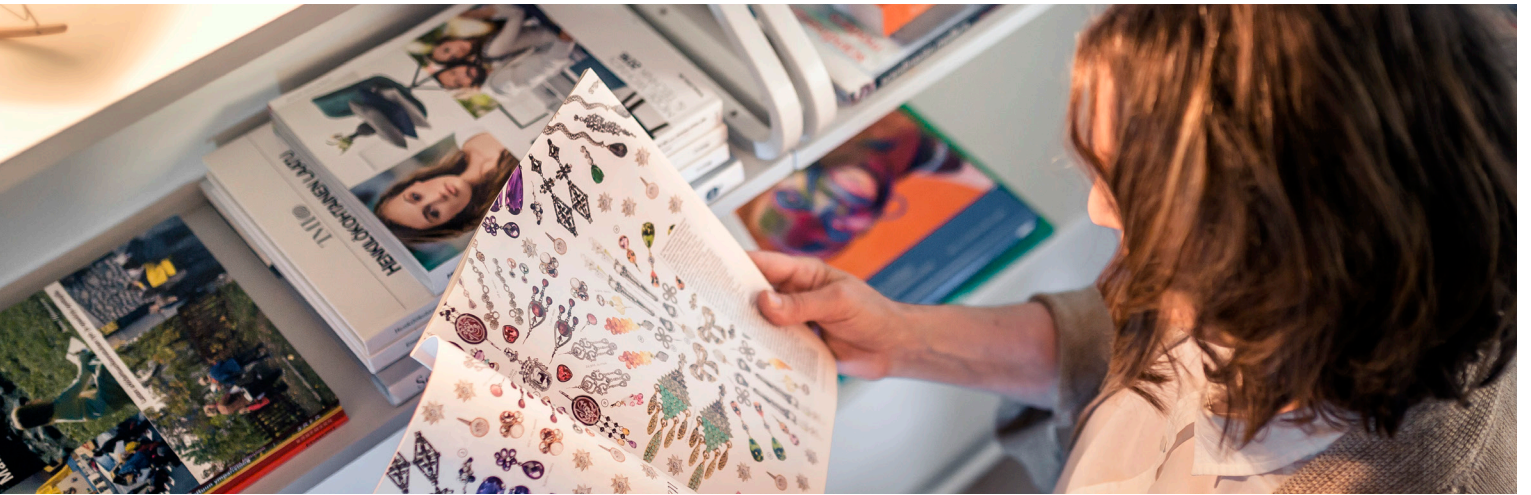

BRIGHTNESS	87–92
FINISHES	Gloss, Silk, Matte
WEIGHT	Available in text weights ranging from 40.5 lbs.–67.6lbs.
GRADE	#3 coated groundwood, heatset web offset and gravure

BENEFITS

- Higher brightness than most domestic No. 3 freesheet grades without added cost
- Low glare surface options for easy readability
- Excellent matte alternative to opaque stocks with superior ink holdout
- Rich, tactile feel that engages the senses

APPLICATIONS

Commercial printing, custom publishing, luxury catalogs, high-end publications, coffee table books, inserts, buck slips and statement stuffers.
